

Bomporto Hotel Group is pleased to announce that the top to toe refurbishment of The Vintage Hotel is now complete

May 2019 – Bomporto Hotels, a hotel brand that seeks to showcase the best of Portugal, is pleased to announce that the renovation of five star The Vintage Hotel & Spa is now complete. The project has seen a top to toe redesign of five star The Vintage Hotel.

The renovation project which began in January 2018 has covered the hotel's 53 rooms and three suites which were the first to be completed, and all the public areas such as the lobby, the Hangout, the meeting rooms, SPA and finally V Rooftop. The hotel closed briefly between 1st and 10th of January for the restaurant renovation. As a final touch, the exterior of the building was painted in December 2019.

“We are delighted to see the results of this complete renovation that has redefined the word ‘vintage’ in a contemporary way - adopting designs from a generation of architects and industrial designers from the mid-century up to the present day. The new conceptual design and attention to the smallest detail in the rooms and public areas will satisfy the needs of modern travellers “ said Nick Roucos, Bomporto Hotels Director.

Playfully defined by a modernist aesthetic, the fully renovated hotel features chic minimalist interiors, a dramatic rooftop terrace bar, relaxing lounge areas, contemporary meeting spaces, a first-class restaurant and bar that now offers a completely new dining experience and a luxurious spa. Now providing everything the business or leisure traveller could want or need, conveniently under one roof.

This stunning five star boutique hotel incorporates stand-out facilities that encapsulate the design ethic of innovation, imagination and individuality. From the suspended vertical garden installation that draws the eye in the patio area of the **Blue Restaurant** to the **V rooftop bar** and lounge area where visitors can relax and take in the views. Not content with just being a stylish place to meet or lay your head, The Vintage houses a fabulous **subterranean spa** where guests can relax and enjoy world-class treatments and massages.

The Vintage offers a timeless environment that is defined by quality, an authentic soul, and attention to the smallest detail and showcases some of the best of Portugal's artwork, artisan products, and contemporary cultural heritage.
